

Quaint Energy

Scooter Investment Package

CLEAN MOBILITY. RELIABLE PASSIVE INCOME

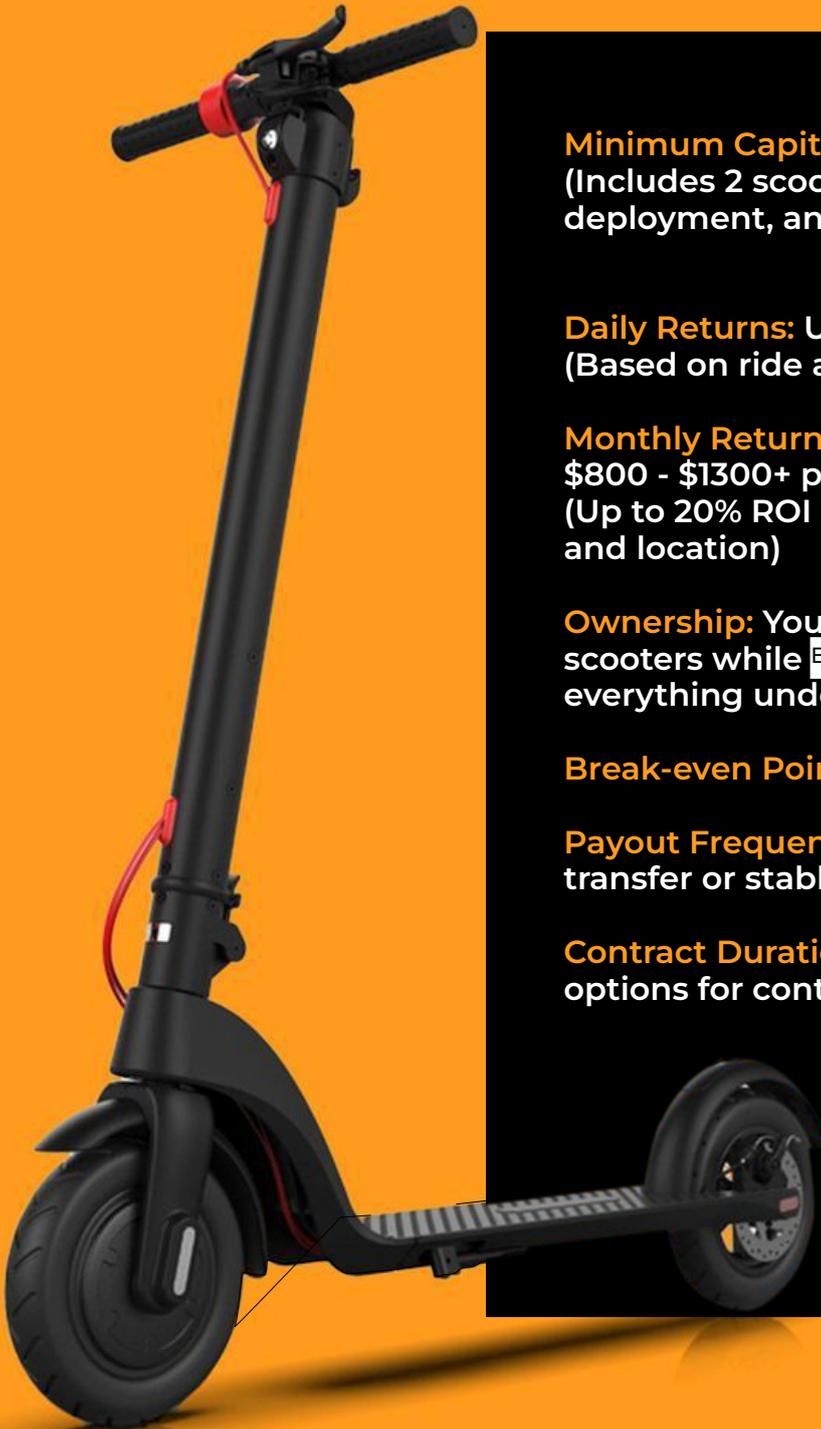

Overview

Join the future of green transportation and earn while making a difference. With the **EcoGreenWave** Scooter Investment Package, you're not just investing in a vehicle—you're investing in a movement.

Our smart electric scooters are strategically deployed in high-demand areas across U.S. college campuses, tourist zones, and busy urban centers. You own the asset, and we handle all operations, ensuring you receive consistent, hands-off monthly income from ride activity.

Investment Highlights

Minimum Capital Required: \$5,000
(Includes 2 scooters, GPS tracking, branding, deployment, and 24/7 maintenance)

Daily Returns: Up to \$15-20/day per scooter
(Based on ride activity and location demand)

Monthly Returns: \$400 – \$650+ per scooter,
\$800 - \$1300+ per package
(Up to 20% ROI monthly, depending on traffic and location)

Ownership: You retain full ownership of the scooters while **EcoGreenWave** manages everything under a renewable contract

Break-even Point: 6 to 8 months

Payout Frequency: Monthly (via direct bank transfer or stablecoin)

Contract Duration: 12-24 months (with renewal options for continued cash flow)

What EcoGreenWave Takes Care Of

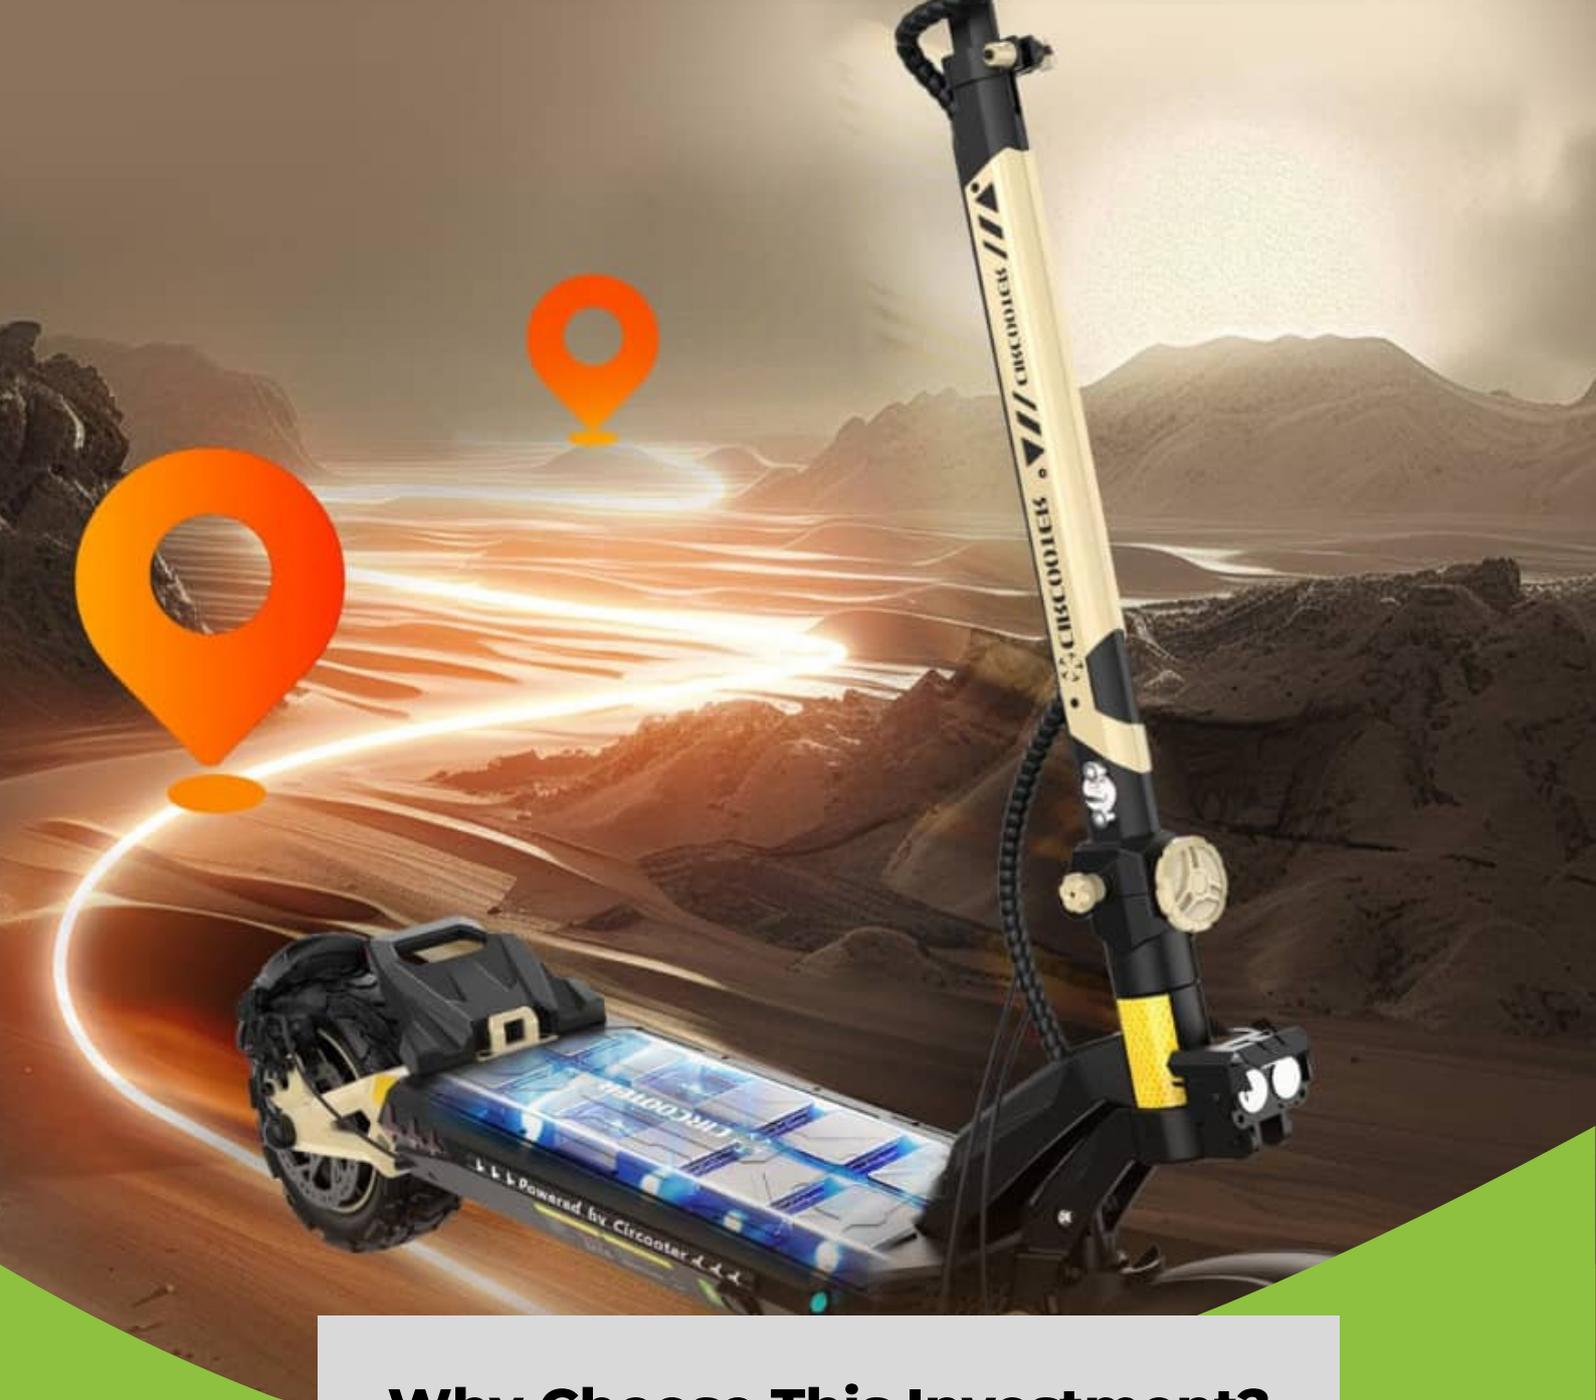

End-to-end scooter sourcing, branding & registration

GPS tracking, ride-sharing software integration & updates

Daily charging, repairs, maintenance & rider support

Securing premium deployment locations & local permits

Real-time earnings dashboard + detailed weekly usage reports
